# Engage
Share Expertise Externally
Generate Departmental Revenue

What Is Engage? It's a unique learning management system (LMS) for continuing education.

Who Can Use Engage? Any URI department or program that offers continuing education opportunities, professional development courses, educational workshops, micro-credentials, and non-accredited certificate programs to external non-URI participants in professional settings, alumni groups, and to the general population.

What Does Engage Do? Engage provides the online technologies necessary to expand external virtual training programs and increase alternative revenue sources for your department.

UNIVERSITY OF RHODE ISLAND · HOPE · 1892

LMS
A learning platform and software for running online training courses.

Engage
The LMS provisioned specifically for URI external non-accredited online professional development.

Course Merchant
